

## GLANDOSANE®

### DESCRIPTION

A colourless, viscous solution with a consistency resembling natural saliva.

### PRESENTATION

Glandosane® is an artificial saliva available with a natural, lemon or peppermint flavour. Glandosane® is presented in a 50ml aerosol dispenser.

### INDICATIONS FOR USE

Glandosane® is an artificial saliva for patients with dryness of the oral mucosa and throat e.g. maintenance of oral hygiene in intensive care units, patients receiving radiotherapy treatment, following oral surgery, during treatments with certain drugs which suppress saliva production such as some antidepressants and chemotherapy agents.

Glandosane® is currently a PCRS reimbursable item. It is also prescribable on FP10/GP10 for patients suffering from a dry mouth as a result of radiotherapy or sicca syndrome (xerostomia).

### DIRECTIONS FOR USE

Spray onto the oral and pharyngeal mucosa for 1-2 seconds as often as required or as directed by a healthcare professional.

### STORAGE

Protect from direct sunlight.

Store in a cool (below 50°C), dry place.

### COMPOSITION

	Each 50ml aqueous solution contains
CARBOXYMETHYLCELLULOSE SODIUM g	0.5
SORBITOL g	1.5
POTASSIUM CHLORIDE g	0.06
SODIUM CHLORIDE g	0.0422
MAGNESIUM CHLORIDE (6H <sub>2</sub> O) g	0.0026
CALCIUM CHLORIDE (2H <sub>2</sub> O) g	0.0073
POTASSIUM MONOHYDROGEN PHOSPHATE g	0.0171

Propellant: Carbon dioxide (CO<sub>2</sub>, 1.3g CO<sub>2</sub> per can)

pH: 5.75

### SHELF LIFE

2 years from date of manufacture.

### PACK SIZE

1 x 50ml aerosol.

1 x 50ml can has approximately 25 sprays per can.

Date of Preparation:  
September 2019 EN/Gen/013.19
